The Life Sciences and Healthcare industry is under intense Regulatory scrutiny. Your current process, relying on spreadsheets and fragmented data, is a risk waiting to happen.

Lost Time

Hundreds of manual hours preparing for a single audit.

High Risk

The threat of costly FDA import alerts and penalties.

Chaos

A lack of a single, verifiable source of truth.

The Solution: GenRAC

GenRAC is a unified, AI-powered platform that transforms your compliance from a burden into a strategic asset. Our "First Time Right" (FTR) approach ensures that you are continuously audit-ready.

GenRAC : A Single Platform for Your Entire Compliance Journey

1.Unified, Proprietary Taxonomy

Manage compliance across over 21 Life Sciences, Healthcare frameworks —from GDPR to HIPAA all from one dashboard. Our unique taxonomy eliminates redundant work and ensures consistency.

2.AI-Powered Insights

Our Generative AI goes beyond simple checks. It provides:

- Predictive Analytics: Identifies potential risks before they become problems.
- Automated Reports: Instantly generates audit-ready reports.
- Scoring Engine: Quantifies your compliance readiness with clear, data-driven metrics.

3.Centralized Evidence Management.

All your documents, policies, and evidence are stored in a single, secure, version-controlled repository. No more searching for scattered files your complete audit trail is always at your fingertips.

4. The "Uberized" Auditor Marketplace

Connect with vetted external auditors on-demand. Find the right expert for your needs based on ratings and availability, all within the platform.

The GenRAC : Advantage: Why We're Different

Efficiency

Drastically reduce audit preparation time.

Confidence

Build a verifiable, transparent, and trust-worthy compliance posture.

Innovation

We turn compliance from a reactive task into a proactive business strategy.
